1. TERMS AND CONDITIONS OF SALE:

- a) By placing an order with Molinari Design srl you agree to be legally bound by all the terms and conditions of sale set forth herein.
- b) Orders shall be considered as accepted only once Molinari Design srl has confirmed them through generally recognized modern means of communication. Orders are governed by the terms and conditions of sale set forth herein.
- c) Terms and conditions diverging from the present ones shall only be valid provided they are expressly mentioned in the confirmation of order.
- d) In order for them to be admissible, requests to change orders must be submitted within five (5) working days after order confirmation. Once that deadline has passed, requests for changes or cancellation will no longer be accepted.
- e) If a request for changes has been accepted, a new, updated confirmation of order shall be issued.
- f) When accepting to cancel already confirmed orders, Molinari Design srl may charge customers for expenses already incurred.
- g) The leather, fabric, and wood colours of the samples are purely indicative and are subject to changes of tonality over time. Before placing a repeat order, customers are therefore recommended to ask for the shipment of a production sample.

2. PRICES:

- a) Prices are net for cash payments. In case of changes in cost factors (materials, wages, taxes), Molinari Design srl reserves the right to adjust its prices, including those of already confirmed orders.
- b) In order confirmations involving the use of non-standard upholstery, the price of the next higher category shall be applied.
- c) No discounts shall be granted when confirming orders including fiberfill instead of standard-issue feather stuffing.

3. PACKAGING:

- a) Unless otherwise agreed, goods shall be shipped in standard packaging.
- b) Special packaging must be expressly ordered and the extra costs involved shall be borne by the customer.

4. DELIVERY:

- a) Unless otherwise agreed, delivery of the goods is ex Molinari Design srl works.
- b) The delivery time stated on the order confirmation is an estimate. Delays shall not entitle the buyer to cancel the order nor to claim compensation for damages.
- c) Freight will be charged in case the net amount of an order is lower than € 650.00.
- d) Deliveries of small parts or free goods not covered by warranty are ex works.
- e) Clearly visible transport damage must immediately be made known to the driver and indicated in the delivery note. In any case, the consigner must be notified in writing of complaints relating to transport damage within ten (10) working days of the receipt of the goods. Once said deadline has passed, the consigner will no longer accept any complaints for transport damage.

5. TITLE:

- a) Invoiced goods shall remain the exclusive property of Molinari Design srl until the buyer has paid the agreed price in full.
- b) The seller reserves the right to repossess goods which have not been paid for in full and/or to transfer the title concerning such goods to third parties.

6. PAYMENT:

- a) The conditions of payment specified in the invoice are binding. This applies even in the event of a delivery giving cause for complaints.
- b) Molinari Design srl reserves the right to calculate and charge interest on overdue payments at the rate of six percent (6%) above the official ECB base interest rate and to request reimbursement of any expenses incurred.
- c) Failure to comply with the agreed conditions or terms of payment shall release Molinari Design srl from any outstanding delivery obligations and entitle it to take steps in order to recover debts as well as to claim for any damages incurred.

7. RETURNS:

- a) Returns of goods shall not be accepted unless with prior written authorisation by Molinari Design srl.
- b) Goods damaged in transit must be returned in their original packaging and adequately protected against further damage.

8. SPECIAL MODELS:

- a) In case the production of special models or the use of customer own materials (hereinafter shortened to 'COM' for 'customer-own material') results in unforeseen extra costs, Molinari Design srl reserves the right to adjust the price accordingly.
- b) Made-to-order products may under no circumstance be refused nor be the subject of complaints.
- c) Any request for arrangements or items with non-standard sizes or characteristics must be discussed beforehand with the sales department. Subject to feasibility, said department will make a special offer to the requester.

9. CUSTOMER OWN MATERIAL (COM):

- a) COM must be delivered carriage-free to Molinari Design's srl factory. In case Molinari Design srl should incur any expenses as a result of a COM acceptance, it shall be entitled to charge these costs to the customer.
- b) Molinari Design srl reserves the right, at its sole and absolute discretion, to refuse manufacturing if the CSU turns out to be unsuitable.
- c) Molinari Design srl provides no guarantee whatsoever for materials that are not included in its collection nor for the processing of such materials.

10. INFORMATIVE TECHNICAL DATA AND INNOVATIONS:

- a) All the data mentioned in advertising material or business documents from Molinari Design srl are purely indicative, not binding, and subject to change.
- b) The introduction - even without notice - of developments, improvements, and/or innovations in series production does not constitute a reason for withdrawal.
- c) Measurements mentioned in catalogues and price lists refer to maximum overall sizes.

11. INFRINGEMENTS OF PATENTS:

Molinari Design srl will not accept liability for any patent infringement or for any violation of protected trademarks or models involving parts that were produced by third parties and fitted in its own products.

12. TESTS:

All upholstered items of furniture from Molinari Design srl as well as their parts are checked and tested before they leave the factory. Any further check or test which may be requested shall be charged to the customer.

13. DISPOSAL:

- a) Discarded upholstered furniture is to be considered as bulky waste. As such, it is subject to the relevant provisions issued by the competent local authorities for the separation, collection and disposal of bulky waste in dedicated sites.
- b) Packaging: Molinari Design srl shall not be charged for the disposal of packaging.

14. WARRANTY:

- a) Warranty is given pursuant to Directive 1999/44/EC of the European Parliament dated 25 May 1999.
- b) In case of defects, Molinari Design srl reserves the right to repair the product in its factory or, via a service of its own choice, on the customer's premises.
- c) The warranty expires immediately, in case of intervention on the product by personnel not authorized by the manufacturer.

15. TAXES, DUTIES, AND OTHER LEVIES:

All current and future taxes, duties, and other levies concerning the purchase and/or the use of goods produced by Molinari Design srl shall be charged exclusively to the buyer.

16. LEGAL VENUE:

The sole jurisdiction and venue for any litigation is the court of Trento (Italy).
